

Prof. Gabriel R. Kassenga

**Department of Environmental Science and Management
Ardhi University**

Biography

Prof. Gabriel R. Kassenga is an Environmental Engineer. He is currently a Professor in Environmental Engineering at Ardhi University, Dar es Salaam, Tanzania. Prof. Kassenga's major fields of specialization are Ecological Engineering, Water Supply and Wastewater Engineering, Renewable Energy Resources, Environmental Pollution, Solid Waste Management and Environmental Impact Assessment. He has conducted several research projects in the use of engineered wetlands for treatment of chlorinated organic compounds, resource recovery from municipal solid wastes and disaster risk management. Prof. Kassenga has published a number of papers in local and international journals on various issues pertaining to ecological engineering, solid waste management, renewable energy and environmental management in general. Besides, he has carried-out many consultancy assignments in the same fields to the government, international agencies and private organisations. He is a member of Steering Committee for the USAID Disaster Risk Reduction Training Programme for Southern Africa and National Technical Committee for Preparation of Environmental Standards.
