

International Workshop
SUB-SAHARAN CITIES UNDER CLIMATE CHANGE
Exploring the adaptive capacity of peri-urban settlements in coastal Dar es Salaam, Tanzania
Dar es Salaam, 6-8 June, 2012

1) OBJECTIVES

- Evaluate the results of the audit exercise on the adaptive capacity of peri-urban households and institutions (activities 1.1 and 1.2, ACC DAR project);
- Provide an opportunity for sharing information and exchanging ideas among researchers, and stimulating initiatives for international networking.

2) DRIVING QUESTIONS

- How to assess people's capacity to adapt to environmental change in peri-urban areas of Sub-Saharan cities?
- How to assess local institutions' capacity to support peri-urban people in their effort to respond to environmental change?
